

## TRISURA KNOWS PROGRAM

At Trisura, we understand the importance of handling program business in an efficient manner. We take a focused approach in handling program business to maximize efficiencies, enhance coverages, and most of all, help our broker partners win and retain an account. When considering which markets to talk to when looking at marketing a program, Trisura should be your first call.

### Target Classes

---

At Trisura we focus on the following types of classes for program business:

**Non-profit D&O** – We are able to write virtually all classes of non-profit D&O including:

- Associations that have set up programs for their members
- Community Centres
- Community Futures Associations
- Historical Societies
- Legions
- Museums

**Professional Liability** – We focus on many classes of E&O for program business including:

- Associations that have set up programs for their members
- Bookkeepers and Accountants
- Graphic Designers
- Management Consultants
- Personal Counsellors
- Placement Agencies
- Therapists
- Various Regulated Health Professionals

**CGL / Property** – For many programs we have the ability to add a CGL and Property coverage component.

### On-line Program Portal

---

Trisura's on-line program underwriting portal offers the following benefits:

- Online applications for applicants
- Online certificate issuance
- Online program management capabilities for the broker and/or the program administrator
- Broker bill or direct bill options including credit card payment option.
- Significant reduction in administrative costs for the broker resulting in increased profitability

### Program Policy Benefits

---

Trisura's focus on program business enables us to:

- Develop manuscript wordings that ensure specific exposures are being addressed for each and every program resulting in superior coverage for your clients
- Offer a flexible program structure which can include a master policy with certificates of insurance, or individual policies
- Issue policies on multi-year terms
- Work with you and your client on specific marketing objectives to further develop the program
