A.M. Best Co. Upgrades Rating of Trisura to A- (Excellent)

On September 14, 2012, A.M. Best Co. upgraded Trisura Guarantee Insurance Company's financial strength rating to A- (Excellent) and issuer credit rating to "a-". The outlook for all ratings has been revised to stable from positive. A.M. Best noted the following reasons in upgrading Trisura's ratings:

- Trisura's excellent levels of risk-adjusted capitalization,
- Trisura's favourable operating performance, and
- Trisura's consistent operating profitability.

We are very pleased to have achieved an A- (Excellent) rating in only our 7th year of operation. In 2006 Trisura opened its door and with the dedication of our employees and incredible support of our broker partners we have built a world class specialty lines insurance company.

Once again, on behalf of our entire team at Trisura, we thank you for your continuing support.

Sincerely yours,

Michael George
