## Trisura Introduces Comprehensive Policy For Educational Institutions

We are pleased to announce the launch of our new liability insurance policy that provides unparalleled coverage for educational institutions. The Educational Institution Liability Insurance Policy is the most comprehensive liability policy in the Canadian marketplace, incorporating the following coverages in one package:

- Directors, Officers and Educational Liability
- Employment Practices Liability
- Educational Services Liability

Trisura's Educational Institution Liability Insurance Policy has been designed for the following classes of educational entity:

- School Boards
- Private Schools
- Montessori Schools
- Colleges
- Universities
- Applied Technology Institutes
- Faith Based Institutions
- Vocational Schools

In addition to the coverages provided by the Educational Institution Liability Policy, Trisura also provides a Legal Expense Coverage extension. This extension provides defence costs reimbursement coverage for claims brought against the insured by students of the Educational Entity alleging sexual abuse or corporal punishment. If these claims are successfully defended, the extension reimburses the insured for the costs incurred in defending itself against these claims.
