Business of Our Company

Overview

Our Company is a leading specialty insurance provider operating in Surety, Risk Solutions, Corporate Insurance, and Fronting lines of business. Our operating subsidiaries include a Canadian specialty insurance company and a US specialty insurance company. Our Canadian specialty insurance subsidiary started writing business in 2006 and has a strong underwriting track record over its 16 years of operation, with a newly launched US Surety platform integrated with our Canadian team. Our US specialty insurance company has participated as a hybrid fronting entity in the non-admitted markets since early 2018 and is licensed as an excess and surplus lines insurer in Oklahoma with the ability to write business across 50 states. Our US specialty insurance company can also write business on an admitted basis in 49 states. We continue the process of applying for licenses and have started to bind admitted premiums within existing licensed states. Our Canadian business is headquartered in Toronto and has branches in Vancouver, Calgary, Montreal, Halifax, and Ottawa, and is licensed in all provinces and territories of Canada. Its distribution network comprises over 170 contracted insurance brokerage firms operating across Canada in all provinces and territories, and includes major international, national and regional firms as well as boutique, niche brokers with a focus on specialty lines. We made important progress in expansion of our surety practice into the US, opening offices in Connecticut, Denver, Philadelphia and Chicago. Our US platform is headquartered in Oklahoma City and participates as a hybrid fronting entity in the non-admitted markets, licensed as an excess and surplus lines carrier with the ability to write business across 50 states. Following our acquisition of 21st Century, we can also write business in most admitted markets, and are licensed in select lines in 49 states. In 2022, our Company’s gross premiums written were \$2.4 billion, and net premiums written were \$498 million.

Specialty Property & Casualty

Our Specialty property and casualty insurance business consists of Surety, Risk Solutions and Corporate Insurance business lines, which we primarily write in Canada, referred to as Trisura Canada, and a broad range of admitted and surplus lines in the US written through a fronting model, referred to as Trisura US or US Fronting.

Canada

Surety

Surety accounted for approximately 4.8% of our total gross premiums written and 20.9% of our net premium written for the year ended December 31, 2022. The main products offered by our Surety business line are:

- Contract surety bonds, such as performance and labour and material payment bonds, primarily for the construction industry;
- Commercial surety bonds, such as license and permit, tax and excise, and fiduciary bonds, which are issued on behalf of commercial enterprises and professionals to governments, regulatory bodies or courts to guarantee compliance with legal or fiduciary obligations;
- Developer surety bonds, comprising mainly bonds to secure real estate developers' legislated deposit and warranty obligations on residential projects; and,
- New home warranty insurance for residential homes.

Risk Solutions

Risk Solutions accounted for approximately 18.6% of our total gross premiums written and 34.9% of our net premium written for the year ended December 31, 2022. Risk Solutions includes specialty insurance contracts which are structured to meet the specific requirements of program administrators, managing general agencies (“MGAs”), captive insurance companies, affinity groups and reinsurers. Our Risk Solutions business line consists of warranty programs, primarily in the automotive and consumer goods space, and fronting for reinsurers through licensed brokers for various insurance risks. Risk Solutions also sells warranty products which serve as complementary products to our insurance policies.

Risk Solutions uses four different insurance structures, sometimes in combination, to address clients' insurance requirements:

- Surety structure, where we stand behind the obligations of a warranty program administrator. In the event of the administrator's financial failure, we will step in to ensure consumers' warranty coverages remain intact;
- Fronting structure, where we permit our licensed status to be used by captive insurance companies, or other licensed or unlicensed insurance companies, to issue insurance policies or warranties in exchange for a fronting fee;

- Retrospectively rated policy structure, where we assume the insurance risk on a program, and the actual claims experience is used to determine the ultimate premium. The initial premium incorporates a margin over the expected claims to provide for adverse results; and
- Risk transfer structure, where we assume the risk of the underlying insurance program completely, partially (co-insuring, or sharing, the risk with the program administrator), or when losses exceed a specified amount (as in “excess of loss” insurance).

Corporate Insurance

Corporate Insurance accounted for approximately 6.6% of our total gross premiums written and 17.7% of our net premium written for the year ended December 31, 2022. The main products offered by our Corporate Insurance business line are Directors’ & Officers’ insurance for public, private and non-profit enterprises, professional liability insurance for both enterprises and professionals, technology and cyber liability insurance for enterprises, commercial package insurance for both enterprises and professionals and fidelity insurance for both commercial enterprises and financial institutions.

United States

Our US platform functions as a non-admitted surplus line insurer in all states, participating as a hybrid fronting carrier with a fee-based business model. We are actively expanding our admitted licenses, with licenses in 49 states and the intention of gaining admitted licenses across all 50 states over time. Trisura US accounted for approximately 70.0% of our total gross premiums written and 26.5% of net premium written for the year ended December 31, 2022.

Distribution

Our Company’s Canadian distribution network comprises over 170 contracted insurance brokerage firms operating across Canada in all provinces and territories. These include major international, national and regional firms as well as boutique, niche brokers with a focus on specialty lines. We are selective in partnering with a limited brokerage force, focusing our efforts on leading brokerage firms in the industry with expertise in specialty lines. We believe in creating positive experiences for our brokers by providing exceptional service and strong products through a solutions-oriented and expert underwriting team. Furthermore, we develop deep and lasting relationships with our brokers and work with them on a strategic level on planning for mutual success. We regularly canvass our brokers to get feedback on where we can improve.

In the U.S. market, our focus is on building strong and profitable relationships with program administrators, MGAs, insurance organizations, reinsurance companies and reinsurance intermediaries to generate business opportunities. Many of these relationships already exist with our management team and can be leveraged to source new business.

Competition

Our Company is a specialty insurance provider. There are numerous competitors in the markets and geographies in which we operate.

The Surety markets are relatively concentrated. In 2021, the top five surety companies operating in Canada had a combined market share of 72%. In 2021, we stood as the fourth largest company in the Canadian surety marketplace, with a market share of 10%.

Our Risk Solutions business has seen stable market conditions in its segments of the marketplace. The number of competitors is limited, with few having significant market share.

Products written by our Corporate Insurance business are subject to intense competition. We continue to increase our penetration of those markets by focusing on our broker relationships and ensuring we remain in step with ongoing product enhancements that occur in the corporate insurance industry.

We participate primarily in the Excess and Surplus markets in the U.S., which produced an estimated \$63.2 billion USD in direct premiums written in 2021 (excluding Lloyd's), growth of 32% year-on-year. It is estimated that the top ten excess and surplus participants capture less than 35% market share, with the top 25 averaging 2% market share. The fronting market is an evolving space with few established players; however, we have observed a number of new entrants enter the space in recent years.

Investment Management

Our investment policy seeks to achieve attractive total returns without incurring an undue level of investment risk while supporting our liabilities and maintaining strong regulatory and economic capital levels. We take a centralized investment approach across all subsidiary portfolios and invest with a global posture.

Changes to Contracts

On February 28, 2023, the Company announced a one-time write down of reinsurance recoverables in its US fronting business. The Company uses reinsurance in the ordinary course of business to reduce its exposure to any one claim or event under the policies it issues. The Company's obligation to pay policyholders is not contingent on reinsurers paying or honouring their contractual obligations. Therefore, each reporting period, the Company evaluates the financial condition of its reinsurers and monitors their credit risk to determine if an impairment should be recorded. The write down was related to a disagreement over obligations under a quota share reinsurance contract related to a single program. The Company determined that the reinsurance assets associated with that reinsurance counterparty should be written off as at December 31, 2022.

Employees

Our Company has 311 employees as of December 31, 2022.

Risk Factors

The risk factors of our Company are discussed in the Company's Management Discussion and Analysis for the year ended December 31, 2022, Section 7 – Risk Management, as well as in the Company's Consolidated Financial Statements for the years ended December 31, 2022 and 2021, Note 22 – Risk Management, which can both be found on SEDAR at www.sedar.com.

Ratings

As is customary, the Company paid fees to DBRS Limited ("**DBRS**") and AM Best Rating Services Inc. ("**AM Best**") to obtain its ratings and expects to pay similar fees in the future. The Company has, or may have, paid fees in the past for certain other services offered by these credit rating agencies in the ordinary course of business. A credit rating or a stability rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time by the credit rating organization. The following sets out ratings the Company has received for its outstanding securities from approved rating organizations as at March 29, 2023:

DBRS

On November 30, 2022, DBRS changed the trends on the ratings of Trisura Group Ltd. and its operating entities from Stable to Positive, and confirmed an Issuer Rating of BBB (rank: 4 of 10¹) to Trisura Group Ltd., and a Financial Strength Rating of A (low) (rank: 3 of 10) for its operating entities.

On March 3, 2023, DBRS changed the trends on the ratings of Trisura Group Ltd. and its operating entities from Positive to Stable, and confirmed an Issuer Rating and Senior Unsecured Notes Rating of BBB (rank: 4 of 10) to Trisura Group Ltd., and a Financial Strength Rating of A (low) (rank: 3 of 10) for its operating entities.

The DBRS long-term credit ratings provide opinions on the risk that an issuer will fail to satisfy its financial obligations in accordance with the terms under which an obligation has been issued. According to DBRS, debt securities rated "BBB" are of adequate credit quality and the capacity for the payment of financial obligations is acceptable. An issuer rated "BBB" may be vulnerable to future events. A reference to "high" or "low" reflects the relative strength within the rating category.

¹ Rank refers to the relative rank of each rating within the rating organization's overall classification system for each security.

The DBRS Financial Strength Rating provides an assessment of an insurance company's ability to make timely and full payment of its obligations on policyholder claims and benefits as well as financial contract guarantees and benefit obligations. According to DBRS, insurers rated "A" are of good financial strength and the insurer's capacity for the payment of policyholder and contract obligations is substantial, but of lesser financial strength than the rating "AA". An insurer rated "A" may be vulnerable to adverse business and economic conditions, but qualifying negative factors are considered manageable. A reference to "high" or "low" reflects the relative strength within the rating category.

AM Best

On March 17, 2023, AM Best revised the outlooks to negative from stable and affirmed the Financial Strength Rating of A- (rank: 3 of 9) and the Long-Term Issuer Credit Rating of "a-" for the operating entities of Trisura Group Ltd., which include Trisura Guarantee Insurance Company, Trisura Specialty Insurance Company, Trisura Insurance Company and Bricktown Specialty Insurance Company.

AM Best's credit ratings provide an independent opinion of an entity's ability to meet the ongoing financial obligations to security holders when due. According to AM Best, a Financial Strength Rating of "A" is assigned to insurance companies that have, in AM Best's opinion, an excellent ability to meet their ongoing insurance obligations and a Long-Term Issuer Credit Rating of "a-" is assigned to issuers that have an excellent ability to meet their ongoing senior financial obligations. Rating notches reflect a gradation within the category to indicate whether credit quality is near the top or bottom of a particular rating category. Rating notches are expressed with a "+" or "-".

Dividends and Dividend Policy

The Board may declare dividends at its discretion but does not anticipate paying dividends on the Common Shares in the near future.

Holders of the Series 1 Preference Shares were entitled to a cumulative fixed dividend payable quarterly on the last day of March, June, September and December of each year. More information on the dividend payment rates and times is contained in Appendix 'A' of this annual information form. From the date of issuance of the Series 1 Preference Shares to December 31, 2017, our Company has declared and paid a dividend of \$0.13 per Series 1 Preference Share. From January 1, 2019 to December 31, 2019, our Company declared and paid four quarterly dividends, each of \$0.375 per Series 1 Preference Share. Trisura redeemed all outstanding Series 1 preference shares at par on December 31, 2019.

Mr. Beasley served as the President and Chief Operating Officer of Red Rock Insurance Company (“**Red Rock**”) from May 2013 to August 2014. On August 21, 2014, the Oklahoma Insurance Commissioner (the “**Receiver**”) was appointed as receiver over the assets of Red Rock. The Receiver alleged claims of negligence and breach of fiduciary duty against the former officers and directors of Red Rock, including Mr. Beasley. The Receiver subsequently determined that Mr. Beasley was not responsible for the financial issues suffered by Red Rock, and the Oklahoma Insurance Department opined that Mr. Beasley’s employment in the insurance industry (including acting as an officer or director) should not be adversely impacted by his actions in conjunction with his Red Rock employment.

It also specifies a number of services that may not be provided by Trisura’s external auditor, including all services prohibited by law from being provided by the external auditor.

Under the Audit Policy, certain permitted services described therein that may be provided by the external auditor have been pre-approved, subject to the fee threshold described below. Any other permitted services that are not set out in the Audit Policy require specific pre-approval by the Audit Committee or a designated member of the Audit Committee. Any proposed services exceeding such fee threshold require specific pre-approval by the Audit Committee. Appendix 'A'

Summary of Terms and Conditions of Trisura's Authorized Securities

Common Shares

Each holder of Common Shares (a "**Shareholder**") is entitled to receive notice of and to attend all meetings of the Shareholders of Trisura and is entitled to one vote for each Common Share held at all meetings of the Shareholders of Trisura, except for meetings at which only holders of another specified class or series of shares of Trisura are entitled to vote separately as a class or series. The Shareholders are entitled to receive dividends as and when declared by the Board, participating equally with holders of non-voting shares, subject to the preference of the holders of the preference shares and any other shares ranking senior to the Common Shares and non-voting shares with respect to priority in payment of dividends. Stock dividends, if any, will be declared contemporaneously and paid at the same time in equal numbers of additional equity shares of the same class and series such that stock dividends will be paid in Common Shares to Shareholders and in non-voting shares to holders of the non-voting shares. After payment to the holders of preference shares and any other shares senior to the Common Shares and the non-voting shares with respect to priority in the distribution of assets in the event of the liquidation, dissolution or other distribution of our assets for the purpose of winding up our affairs, the Shareholders and the holders of non-voting shares will rank equally with each other and will be entitled to receive the remaining property of Trisura that pertains to shareholders in equal amounts per share, without preference or priority of one share or another.

If either of the Common Shares or non-voting shares are subdivided, consolidated, reclassified or otherwise changed, appropriate adjustments would be made at the same time to the rights attaching to the shares of the other class to ensure the preservation of the rights of each class in relation to those of the other.

Book Based System

The Common Shares may be represented in the form of one or more fully registered share certificates held by, or on behalf of, CDS Clearing and Depository Services Inc. ("**CDS**") or the Depository Trust Company ("**DTC**"), as applicable, as custodian of such certificates for the participants of CDS or DTC, registered in the name of CDS or DTC or their respective nominee, and registration of ownership and transfers of the Common Shares may be effected through the book-based system administered by CDS or DTC, as applicable.

Non-Voting Shares

The non-voting shares entitle the holders thereof to receive notice of meetings of the shareholders of Trisura but do not entitle holders thereof to any votes at such meetings, unless otherwise required by law. The holders of non-voting shares are entitled to receive dividends as and when declared by the Board, participating equally with Shareholders, subject to the preference of the holders of the preference shares and any other shares ranking senior to the non-voting shares and Common Shares with respect to priority in payment of dividends. Stock dividends, if any, will be declared contemporaneously and paid at the same time in equal numbers of additional equity shares of the same class and series such that stock dividends will be paid in non-voting shares to holders of the non-voting shares and in Common Shares to Shareholders.

After payment to the holders of preference shares and any other shares senior to the non-voting shares and the Common Shares with respect to priority in the distribution of assets in the event of the liquidation, dissolution or other distribution of our assets for the purpose of winding up our affairs, Shareholders and the holders of non-voting shares will rank equally with each other and will be entitled to receive the remaining property of Trisura that pertains to shareholders in equal amounts per share, without preference or priority of one share or another. If either of the non-voting shares or Common Shares are subdivided, consolidated, reclassified or otherwise changed, appropriate adjustments would be made at the same time to the rights attaching to the shares of the other class to ensure the preservation of the rights of each class in relation to those of the other. In certain circumstances, if a take-over bid is made for the Common Shares only, a holder of non-voting shares may, at his or her option, and for the purpose of tendering to such take-over bid, convert any or all non-voting shares then held by such holder into Common Shares on a one-for-one basis during a specified period of time. Our Company is required to give notice of the occurrence of an event entitling the holders of non-voting shares to exercise such conversion right as soon as is reasonably practicable after the seventh day following the date upon which the offer is made or deemed to be made to Shareholders.

Preference Shares

The following is a summary of certain provisions attaching to the preference shares as a class.

Priority

Each series of preference shares will rank on a parity with every other series of preference shares with respect to dividends and return of capital. The preference shares are entitled to a preference over the Common Shares, the non-voting shares and any other shares ranking junior to the preference shares with respect to priority in payment of dividends and in the distribution of assets in the event of the liquidation, dissolution or winding-up of Trisura, whether voluntary or involuntary, or any other distribution of the assets of Trisura among our shareholders for the specific purpose of winding-up our affairs.

Directors' Rights to Issue in One or More Series

The preference shares may be issued at any time and from time to time in one or more series. Before any shares of a series are issued, the Board shall fix the number of shares that will form such series, if any, and shall, subject to any limitations set out in the by-laws of Trisura or in the OBCA, determine the designation, rights, privileges, restrictions and conditions to be attached to the preference shares as the case may be, of such series.

Voting Rights of Preference Shares

Except as hereinafter referred to or as required by law or as specified in the rights, privileges, restrictions and conditions attached from time to time to any series of preference shares, the holders of such preference shares as a class are not entitled as such to receive notice of, to attend or to vote at any meeting of the shareholders of Trisura.

Amendment with Approval of Holders of Preference Shares

The rights, privileges, restrictions and conditions attached to the preference shares as a class may be added to, changed or removed but only with the approval of the holders of such class of preference shares given as hereinafter specified.

Approval of Holders of Preference Shares

The approval of the holders of a class of preference shares to add to, change or remove any right, privilege, restriction or condition attaching to such class of preference shares as a class or in respect of any other matter requiring the consent of the holders of such class of preference shares may be given in such manner as may then be required by law, subject to a minimum requirement that such approval be given by resolution signed by all the holders of such class of preference shares or passed by the affirmative vote of at least two-thirds of the votes cast at a meeting of the holders of such class of preference shares duly called for that purpose.

The formalities to be observed with respect to the giving of notice of any such meeting or any adjourned meeting, the quorum required therefor and the conduct thereof shall be those from time to time required by the OBCA as in force at the time of the meeting and those, if any, prescribed by the by-laws or the administrative resolutions of Trisura with respect to meetings of shareholders. On every poll taken at every meeting of the holders of a class of preference shares as a class, or at any joint meeting of the holders of two or more series of a class of preference shares, each holder of such class of preference shares entitled to vote thereat shall have one vote in respect of each such preference share held.

Series 1 Preference Shares

The following is a summary of certain provisions attaching to the Series 1 Preference Shares, as a series.

Issue Price

The Series 1 Preference Shares have an issue price of \$25.00 per share.

Cumulative Preferential Dividends

The holders of the then outstanding Series 1 Preference Shares (the “**Holders**”) shall be entitled to receive, and Trisura shall pay thereon, as and when declared by the Board, cumulative preferential cash dividends (the “**Series 1 Dividends**”) payable quarterly at the rates and times provided for below:

- (a) For the period from December 1, 2017 to December 31, 2022 (the “**Initial Fixed Rate Period**”), the Series 1 Dividends will be payable quarterly on the last day of March, June, September and December of each year (each, a “**Dividend Payment Date**”) at a rate of 6.00% per annum. On each Dividend Payment Date during the Initial Fixed Rate Period (other than December 31, 2017), the Series 1 Dividend will be equal to \$0.375 per share.
- (b) For the period commencing on January 1, 2023 and ending on and including December 31, 2027, and for each subsequent five-year period (each a “**Subsequent Fixed Rate Period**”), dividends payable on the Series 1 Preference Shares will be in an annual amount per share determined by multiplying the rate equal to the Government of Canada

Yield on the 30th day prior to the first day of such Subsequent Fixed Rate Period plus 7.5% by \$25.00, and shall be payable quarterly on each Dividend Payment Date during such Subsequent Fixed Rate Period.

Rights on Liquidation

In the event of the liquidation, dissolution or winding-up of Trisura, whether voluntary or involuntary, or any other distribution of assets of Trisura among its shareholders for the purpose of winding-up its affairs, the Holders shall be entitled to receive \$25.00 per Series 1 Preference Share, together with all accrued and unpaid Series 1 Dividends up to but excluding the date of payment or distribution (less any tax required to be deducted or withheld by Trisura), before any amounts shall be paid or any assets of Trisura distributed to the holders of any shares ranking junior as to capital to the Series 1 Preference Shares. Upon payment of such amounts, the Holders shall not be entitled to share in any further distribution of the assets of Trisura.

Redemption at the Option of Trisura

Trisura may, at any time and from time to time, subject to applicable law, upon giving notice, at its option, without the consent of the Holders redeem all, or any part, of the then outstanding Series 1 Preference Shares by the payment of an amount in cash for each Series 1 Preference Share so redeemed equal to \$25.00 per Series 1 Preference Share, together with all accrued and unpaid dividends up to but excluding the date of payment or distribution (less any tax required to be deducted and withheld by Trisura).

On December 31, 2019, Trisura redeemed all outstanding Series 1 preference shares at par.

Rights Plan

Effective May 25, 2022 (the “**Effective Date**”), Trisura adopted the Rights Plan.

The Rights Plan aims to require that take-over bids be made to all Shareholders and to prevent a potential acquirer from entering into lock-up agreements with existing Shareholders prior to launching a take-over bid, except for permitted lock-up agreements as specified in the Rights Plan. The Rights Plan encourages fair treatment of all Shareholders by providing Shareholders with an equal opportunity to participate in a take-over bid. The Rights Plan encourages a potential acquirer to proceed by way of a take-over bid permitted by the Rights Plan (a “**Permitted Bid**”), which requires the take-over bid to satisfy certain minimum standards designed to promote fairness, or with the concurrence of the Board.

Pursuant to the Rights Plan, one right (a “**Right**”) attached to each Common Share on the Effective Date. The Rights will separate from the Common Shares and will be exercisable ten trading days (the “**Separation Time**”) after a person has acquired, or commences a take-over bid to acquire, 20% or more of the Common Shares, other than by a Permitted Bid. Each Right entitles the registered holder thereof to purchase from the Company one Common Share at an exercise price equal to three times the market price of a Common Share determined as at the Separation Time (the “**Exercise Price**”).

The acquisition by any person (an “**Acquiring Person**”) of 20% or more of the Common Shares, other than pursuant to certain exceptions in the Rights Plan, is referred to as a “Flip-in Event”. Any Rights held by an Acquiring Person will become void upon the occurrence of a Flip-in Event.

Ten trading days after the occurrence of the Flip-in Event, each Right (other than those held by the Acquiring Person) will entitle the registered holder to receive from the Company, upon payment of the Exercise Price, Common Shares having an aggregate market value equal to twice the Exercise Price. If a take-over bid is structured as a Permitted Bid, a Flip-in Event will not occur and the Rights will not become exercisable.

Until the occurrence of a Flip-in Event as to which the Board has not issued a waiver, the Board may elect to redeem all but not less than all of the then outstanding Rights at a redemption price of \$0.0001 (subject to adjustment) per Right, rounded down to the nearest whole cent for each holder of Rights.

The Rights Plan will expire at the close of business on the date of the Company's 2025 annual meeting unless the continuation of the Rights Plan for an additional three-year period is approved by the Independent Shareholders (as defined in the Rights Plan) at that meeting.

The forgoing summary does not purport to be complete and is subject to, and qualified in its entirety by reference to, the actual provisions of the Rights Plan, the full text of which is available on our Company's SEDAR profile located at www.sedar.com.

The Company's management is responsible for preparing the Company's financial statements, along with the internal audit function, for developing and maintaining systems of internal accounting and financial controls, and for developing, maintaining and monitoring systems of risk management throughout the organization. The auditor will assist the Committee and the Board in fulfilling their responsibilities for review of the financial statements and internal controls, and the auditor will be responsible for the independent audit of the financial statements. The Committee expects the auditor to call to its attention any accounting, auditing, internal accounting control, regulatory or other related matters that the auditor believes warrant consideration or action. The Committee recognizes that (i) the internal audit team and the auditor have more knowledge and information about the Company's financial affairs than do the Committee's members. Accordingly, in carrying out its oversight responsibilities, the Committee does not provide any expert or special assurance as to the Company's financial statements or internal controls or any professional certification as to the auditor's work.

5. Reporting

The Committee will regularly report to the Board on:

- (a) the auditor's independence;
- (b) the performance of the auditor and the Committee's recommendations regarding its reappointment or termination;
- (c) the performance of the internal audit function department;
- (d) the adequacy of the Company's internal controls and disclosure controls;
- (e) its recommendations regarding the annual and interim financial statements of the Company and any reconciliation of the Company's financial statements, including any issues with respect to the quality or integrity of the financial statements;

- (f) its review of any other public disclosure document including the annual report and the annual and interim management's discussion and analysis of financial condition and results of operations;
- (g) the Company's compliance with legal and regulatory requirements, particularly those related to financial reporting;
- (h) its review of risk disclosure in the Company's financial reports;
- (i) the Company's compliance with legal and regulatory requirements; and
- (j) all other significant matters it has addressed and with respect to such other matters that are within its responsibilities.

6. Complaints Procedure

The Committee will establish and periodically review a procedure for the receipt, retention, treatment and follow-up of complaints received by the Company through the reporting hotline or otherwise regarding accounting, internal controls, disclosure controls or auditing matters and a procedure for the confidential, anonymous submission of concerns by employees of the Company regarding such matters.

7. Review and Disclosure

The Committee will review this Charter at least annually and submit it to the Governance Committee together with any proposed amendments. The Governance Committee will review this Charter and submit it to the Board for approval with such further amendments as it deems necessary and appropriate.

This Charter will be reproduced in full as an appendix to the Company's Annual Information Form.

8. Assessment

At least annually, the Governance Committee will review the effectiveness of this Committee in fulfilling its responsibilities and duties as set out in this Charter and in a manner consistent with the corporate governance guidelines adopted by the Board. The Committee will also conduct its own assessment of the Committee's performance on an annual basis.

9. Access to Outside Advisors and Senior Management

The Committee may retain any outside advisor, including legal counsel, at the expense of the Company, without the Board's approval, at any time. The Committee has the authority to determine any such advisor's fees and any other retention terms.

The Company will provide for appropriate funding, for payment of compensation to any auditor engaged to prepare or issue an audit report or perform other audit, review or attest services, and ordinary administrative expenses of the Committee.

Members will meet privately with senior management as frequently as they feel is appropriate to fulfill the Committee's responsibilities, but not less than annually.

10. Meetings

Meetings of the Committee may be called by any Member, the Chair of the Board, the Chief Executive Officer or Chief Financial Officer of the Company, the internal auditor or the auditor. Meetings will be held each quarter and at such additional times as is necessary for the Committee to fulfill its responsibilities. The Committee shall appoint a secretary to be the secretary of each meeting of the Committee and to maintain minutes of the meeting and deliberations of the Committee.

The powers of the Committee shall be exercisable at a meeting at which a quorum is present. A quorum shall be not less than a majority of the Members from time to time. Matters decided by the Committee shall be decided by majority vote. Subject to the foregoing, the *Business Corporations Act* (Ontario) and the by-laws of the Company, and, unless otherwise determined by the Board, the Committee shall have the power to regulate its procedure.

Notice of each meeting shall be given to each Member, the internal auditor, the auditor, and to the Chair of the Board and the Chief Executive Officer of the Company. Notice of meeting may be given orally or by letter, electronic mail, telephone or other generally accepted means not less than 24 hours before the time fixed for the meeting. Members may waive notice of any meeting and attendance at a meeting is deemed waiver of notice. The notice need not state the purpose or purposes for which the meeting is being held.

The Committee may invite from time to time such persons as it may see fit to attend its meetings and to take part in discussion and consideration of the affairs of the Committee. The Committee may require the auditors and/or members of the Company's management to attend any or all meetings.
