

## TRISURA GROUP REPORTS THIRD QUARTER 2023 RESULTS

**TORONTO, November 2, 2023** — Trisura Group Ltd. ("Trisura" or "Trisura Group") (TSX: TSU), a leading specialty insurance provider, today announced financial results for the third quarter of 2023.

David Clare, President and CEO of Trisura, stated, "Trisura reported strong performance in the quarter with Operating net income of \$31.7 million, or \$0.67 per share, achieved through measured growth, underwriting profitability and enhanced investment income. Quarterly Net income of \$14.8 million, or \$0.31 per share, was impacted by the run-off of a US program and unrealized losses in the investment portfolio, partially offset by one-time benefits in the primary lines business.

Maturation of our business and continued expansion with distribution partners drove increased market share and resulted in insurance revenue growth of 32.7%. In Canada, disciplined underwriting yielded a Combined ratio of 75.0%. US fronting demonstrated strong fundamentals, with an improvement in Operating net income.

Net investment income grew 105.0% in the quarter, reaching \$13.5 million through higher risk-adjusted yields and an increased size of the investment portfolio.

Strong earnings and an equity raise in the quarter lifted book value to almost \$600 million. Our business remains well-capitalized, supported by surplus capital, a \$50 million revolving credit facility, an 11.1% debt-to-capital ratio and a conservatively positioned investment portfolio."

## **Financial Highlights**

- ✓ Insurance revenue growth of 32.7% in Q3 2023 reflected sustained momentum across North America.
- ✓ Net income of \$14.8 million in the quarter decreased compared to prior period, primarily as a result of costs related to the run-off of a US fronting program. Operating net income<sup>(1)</sup> of \$31.7 million in the quarter grew 50.2% compared to prior period, driven by profitable growth in Canada and growth in core operations<sup>(2)</sup> in the US, as well as growth in Net investment income.
- ✓ EPS of \$0.31 in Q3 2023 compared to \$0.53 in Q3 2022. Operating EPS<sup>(3)</sup> of \$0.67 for the quarter compared to \$0.46 in the prior year.
- ✓ Book value per share<sup>(4)</sup> of \$12.58 increased 7.4% from September 30, 2022, driven by our August 2023 equity raise, strong Canadian earnings, but diluted by the write down on reinsurance recoverables, the associated run-off and unrealized losses on investments.
- √ ROE<sup>(4)</sup> of 2.8% compared to 19.9% in Q3 2022, below our mid-teens target as a result of the write down on reinsurance recoverables and losses associated with the run-off program. Operating ROE<sup>(5)</sup> of 20.2% exceeded our target, demonstrating the strength of our core operations despite significant growth and a larger capital base.

## **Insurance Operations**

- Insurance revenue in Canada of \$221.1 million in the quarter increased by 30.2% compared to Q3 2022, reflecting increased market share, expansion of distribution relationships, new fronting arrangements and the benefit of stable market pricing conditions in certain lines of business. Strong underwriting performance across all lines contributed to a Combined ratio of 75.0%, a ROE of 28.8% and Operating ROE of 29.7% in Q3 2023.
- Insurance revenue in the US of \$509.6 million in the quarter increased by 33.7%, compared to Q3 2022, reflecting favourable market conditions and maturation of existing programs. Fee income<sup>(7)</sup> of \$20.8 million in the quarter increased by 14.1% compared to Q3 2022. Net loss of \$6.5 million was the result of costs related to the run-off. Operating net income of \$11.4 million in the quarter grew 51.9% compared to Q3 2022 and supported a 15.2% Operating ROE.

## Capital

- In August 2023, the Company raised \$51.2 million in equity capital to support growth across the platform.
- The Minimum Capital Test ratio<sup>(8)</sup> of our regulated Canadian subsidiary was 246% as at September 30, 2023 (233% as at December 31, 2022), which comfortably exceeded regulatory requirements<sup>(9)</sup> of 150%.
- As at December 31, 2022, the Risk-Based Capital of the regulated insurance companies
  of Trisura US were in excess of the various company action levels of the states in which
  they are licensed.
- Consolidated debt-to-capital ratio of 11.1% as at September 30, 2023 is below our long-term target of 20.0%.

The company holds surplus capital and has a \$50 million revolving credit facility. In July 2023, \$10 million USD was utilized from the revolving credit facility for purposes of issuing a letter of credit, in relation to our US Surety operations.

### Investments

 Net investment income rose 105.0% in the quarter compared to Q3 2022. The portfolio benefited from higher risk-adjusted yields, increased capital generated from strong operational performance and the July 2022 and August 2023 equity raises.

Note: This news release contains "forward-looking information" within the meaning of Canadian provincial securities laws and "forward-looking statements" within the meaning of applicable Canadian securities regulations. Forward-looking statements include statements that are predictive in nature, depend upon or refer to future events or conditions, include statements regarding operations, business, financial condition, expected financial results, performance, prospects, opportunities, priorities, targets, goals, ongoing objectives, strategies and outlook of the Company and its subsidiaries, as well as the outlook for North American and international economies for the current fiscal year and subsequent periods, and include words such as "expects," "likely," "anticipates," "plans," "believes," "estimates," "seeks," "intends," "targets," "projects," "forecasts" or negative versions thereof and other similar expressions, or future or conditional verbs such as "may," "will," "should," "would" and "could".

Although we believe that our anticipated future results, performance or achievements expressed or implied by the forward-looking statements and information are based upon reasonable assumptions and expectations, the reader should not place undue reliance on forward-looking statements and information because they involve known and unknown risks, uncertainties and other factors, many of which are beyond our control, which may cause the actual results, performance or achievements of our Company to differ materially from anticipated future results, performance or achievement expressed or implied by such forward-looking statements and information.

Factors that could cause actual results to differ materially from those contemplated or implied by forward-looking statements include, but are not limited to: the impact or unanticipated impact of general economic, political and market factors in the countries in which we do business; the behaviour of financial markets, including fluctuations in interest and foreign exchange rates; global equity and capital markets and the availability of equity and debt financing and refinancing within these markets; insurance risks including pricing risk, concentration risk and exposure to large losses, and risks associated with estimates of loss reserves; strategic actions including dispositions; the ability to complete and effectively integrate acquisitions into existing operations and the ability to attain expected benefits; changes in accounting policies and methods used to report financial condition (including uncertainties associated with critical accounting assumptions and estimates); the ability to appropriately manage human capital; the effect of applying future accounting changes; business competition; operational and reputational risks; technological change; changes in government regulation and legislation within the countries in which we operate; governmental investigations; litigation; changes in tax laws; changes in capital requirements; changes in reinsurance arrangements and availability and cost of reinsurance; ability to collect amounts owed; catastrophic events, such as earthquakes, hurricanes or pandemics; developments related to COVID-19, including the impact of COVID-19 on the economy and global financial markets; the possible impact of international conflicts and other developments including terrorist acts and cyberterrorism; risks associated with reliance on distribution partners, capacity providers and program administrators; third party risks; risk that models used to manage the business do not function as expected; climate change risk; risk of economic downturn; risk of inflation and other risks and factors detailed from time to time in our documents filed with securities regulators in Canada.

We caution that the foregoing list of important factors that may affect future results is not exhaustive. When relying on our forward-looking statements, investors and others should carefully consider the foregoing factors and other uncertainties and potential events. Except as required by law, the Company undertakes no obligation to publicly update or revise any forward-looking statements or information, whether written or oral, that may be as a result of new information, future events or otherwise.

## **Cautionary Non-IFRS and Other Financial Measures**

Reported results conform to generally accepted accounting principles (GAAP), in accordance with IFRS. In addition to reported results, the Company also presents certain financial measures, including non-IFRS financial measures that are historical, non-IFRS ratios, and supplementary financial measures, to assess results. Non-IFRS financial measures, such as operating net income, are utilized to assess the Company's overall performance. To arrive at operating results, the Company adjusts for certain items to normalize earnings to core operations, in order to reflect our North American specialty operations. Non-IFRS ratios include a non-IFRS financial measure as one or more of its components. Examples of non-IFRS ratios include operating diluted earnings per share and operating ROE. The Company believes that non-IFRS financial measures and non-IFRS ratios provide the reader with an enhanced understanding of our results and related trends and increase transparency and clarity into the core results of the business. Non-IFRS financial measures and non-IFRS ratios are not standardized terms under IFRS and, therefore, may not be comparable to similar terms used by other companies. Supplementary financial measures depict the Company's financial performance and position, and are explained in this document where they first appear, and incorporates information by reference to the Company's current MD&A, for the three and nine months ended September 30, 2023. To access MD&A, see Trisura's website or SEDAR at www.sedar.com. These measures are pursuant to National Instrument 52-112 Non-GAAP and Other Financial Measures Disclosure.
